What our tenants say:

Affari have grown from a two-man band to a team of 16 since establishing our business with NBV 3 years ago. NBV Enterprise Centre have provided us with the space and facilities required to expand our team, so we can direct all of our focus and efforts into developing our company without the extra worries that come with owning property and infrastructure. This in turn has helped our design agency to receive an award-winning status and achieve monumental success in what is such a short space of time for our business.

Emma Gleaden Affari Media

We are tenants in the NBV Enterprise Centre on David Lane, Nottingham. Because of this we've had access to funds, new clients, and business advice we wouldn't have had otherwise. NBV have always been extremely helpful to us and we're grateful that they've given us a nice place to go to work every day.

Office Space & Hot-desks

What our tenants say:

I recently met Lewis [Quayle, NBV Relationship Manager] at a networking event and he has been a great help to me since I launched my business. He's extremely helpful and approachable and was able to make the process of arranging support and office space simple, walking us through each step and proactively sorting any issues we came across. I would happily recommend him.
